

Techie Kids Club Freebie Activity

Learning how to code has many educational benefits for kids that extend far beyond programming! Coding helps to boost your child's creativity and problem-solving skills, which they'll use throughout school (and life!)

Fill-in-the-Blank Story: The Friendly Robot

Instructions:

Print page. Fill in the blanks to complete the story!

Grown-ups:

- Ask your child to give you a word based on what is written below the line.
- For extra fun, keep the story's topic a surprise and encourage your child to come up with SILLY words!
- Fill in all of the missing words until complete, and then get ready for some laughs!
- Then, read the whole story your child helped to create out loud.
